

Boat trip to Scandola and Girolata

Visit the famous Scandola nature reserve and the cosy fishing village of Girolata

We travel by boat from Calvi and follow the coastline south to the natura I reserve of Scandola. Gradually, the coastline changes into red granite cliffs that plunge impressively into the sea. Classified as a world heritage site by UNESCO, Scandola is an ecological paradise with exceptional flora and fauna. The reserve was created in 1975 and is accessible only by boat.

Close to the nature reserve, we will watch over the astonishing cliffs, which are truly breathtaking. After passing through the reserve we continue to Girolata, a small fishing hamlet just outside of Scandola. Here you can enjoy lunch at one of the several lovely restaurants, walk along the coastline or just relax on the beach.
